

CELEBRATE INTERNATIONAL
WOMEN'S DAY

[DONATE TODAY!](#)

"I love being a woman because I always felt I could do anything I wanted. I grew up in an interesting time when "the times they were a- changing". I pursued a legal career, raised a family, and pursued a second career as a college professor and Dean. Now I'm re-inventing myself as a retiree. And, did I mention I love that I can wear great, fun jewelry every day!"

—Annalinda, Mother & Career woman extraordinaire, USA

When we asked Hope for Haiti staff, volunteers, board members and supporters to talk about what it means to be a woman, we had no idea the powerful response we'd receive. From the United States to Haiti, we've found amazing women to help us celebrate **International Women's Day (IWD)** on March 8th. **#IWD2016** is a day marked around the world to celebrate the social, economic, cultural and political achievement of women.

Our mission this #IWD2016 is to promote awareness and support for Hope for Haiti by celebrating our upcycled jewelry business and provide resources to our female entrepreneurs through our social media campaign "**BEad HOPE for Women!**" We will be posting shots of beautiful women sporting our upcycled jewelry. Upcycling is the process of taking used materials, mostly paper, and creating something beautiful out of them, like bracelets, necklaces and earrings. Join us today to celebrate the women in your life and all the Haitian women that are working towards a better life for their children and families!

JOIN US TODAY AND CELEBRATE THE BEAUTY AND STRENGTH OF WOMEN!
