

Scan to visit our hub for the giving season, where you can learn how to further your impact and discover ways to stay involved!

**Through YOUR support, our Infirmary St. Etienne and mobile clinics provided more than 20,000 patient consultations over the past three months alone!**

As the year draws to a close, we want to reflect on the profound impact your generosity has made in the lives of those we serve. Though the challenges facing Haiti persist, so does our shared commitment to building a brighter future for children, families, and communities in southern Haiti.

As we express our deepest gratitude, we also look ahead with optimism. Your generosity is a driving force that fuels our determination to continue this vital work to improve access to education, healthcare, clean water, and economic development for families throughout southern Haiti. Now more than ever, we are grateful for our shared values of perseverance, determination, community, and the belief that there is always a pathway to a better future for Haitian families.

From the Hope for Haiti Board of Directors, and on behalf of the entire organization, merci anpil (thank you very much),
