ABOUT HOPE FOR HAITI

For the past 38 years, Hope for Haiti has been working to improve the quality of life of Haitian people, particularly women and children. Our work is rooted in the fundamental belief that there is always a pathway to a better life, despite the challenges. Partnerships enable us to do this critical work, and we invite you to build with us.

At Hope For Haiti, we believe that education has the power to transform lives, but that transformation begins when a child believes in themselves.

We are proud to be a **4-star rated charity** by Charity Navigator and a participant at the **Platinum Level** through the GuideStar Exchange, two leading independent evaluators recognizing our steadfast commitment to financial stewardship and outcomes-driven impact.

“Without Hope for Haiti's support, I would not be able to go to school because my parents would not be able to afford it. They also help us by giving us school materials like backpacks, notebooks, and pens. I now have access to a good education and technology. I study more and do better at school. I feel my future is assured and I'm more confident about pursuing my dreams.”
